

Hello!

State Electrical Engineers'
Association West Bengal

Dear Member,

First edition of Hello was published on 3rd November 1999 when a new millennium was about to begin and the second one on 14th October 2009, more than a decade back. Since then, the age old PWD (Electrical) has been restructured in new format with change of name and location of a good number of offices. In this period, in communication arena, the mode and medium since then took a phenomenal upside down. The traditional telephone set with cradle has been an extinct one with its place in museum. Conversation through Voice is gradually being replaced by message, picture and video as per the new normal named Social Media. But the conspicuous similarity between then and now is that both systems need a specific number to start communication. Our endeavour is to bridge the gap between present and ex-members through publication of this new edition of Hello, where contact details of present and past members along with renamed office details are incorporated. In spite of scrutiny, there may have been some inadvertent mistakes which may please be excused.

Let our bonding never sag.

Dated 18th June 2022
